Application Process

Once an application is received, if there are no vacancies, the application will be valid for six (6) months in the HHS department. During the six months, it is the responsibility of the applicant to update the application information by contacting HHS staff. At the end of the six month period, HHS staff will contact the applicant to see if he or she would like to resubmit an application. During the six months, if one of the positions becomes vacant, the application process will begin.

Applications being reviewed for membership will go through an initial review process at an Executive Committee meeting. The Executive Committee will make a recommendation as to whether or not to send the application to the General Membership for a vote. If the application is sent to the next General Membership meeting, the applicant will be notified and asked to be present to speak to Alliance members.

I understand the purpose and responsibilities of an Alliance member and agree to represent myself as an individual community member and not as the agency (or agencies) in which I serve professionally or personally but agree to work together toward a common purpose of improving the health status of Doña Ana County Residents.
