Section 13-1-126 NMSA 1978 states in pertinent part that "A. A contract may be awarded without competitive sealed bids or competitive sealed proposals regardless of the estimated cost when the state purchasing agent or a central purchasing office determines, in writing, that:
(1) there is only one source for the required service, construction or item of tangible personal property;
(2) the service, construction or item of tangible personal property is unique and this uniqueness is substantially related to the intended purpose of the contract; and
(3) other similar services, construction or items of tangible personal property cannot meet the intended purpose of the contract.
B. The state purchasing agent or a central purchasing office shall use due diligence in determining the basis for the sole source procurement, including reviewing available sources and consulting the using agency, and shall include its written determination in the procurement file."

The Purchasing Department has:

- Reviewed the justification submitted to this office;
- Reviewed the steps taken by the User Department in conducting a good-faith review of available sources;
- Reviewed the Vendor's Sole Source letter;
- Conducted research on other firms offering similar products.

The DAC Health and Human Services Department provided Purchasing with the Sole Source Justification Form, Cancer Aid Resources & Education (CARE) Sole Source Letter and Cost Proposal. The County’s Certified Chief Procurement Officer from examining the sole source documents and researching the internet has determined that CARE is the sole source provider of financial assistance for non-medical needs for patients with any type of cancer in Dona Ana County. This sole source request was posted on the County website on 08/20/2020 for 30 days.
“SOLE SOURCE” PROCUREMENT JUSTIFICATION

Sole source purchases are goods and services available from only one vendor. There may be just one vendor because of patents or copyrights or simply because the vendor is the only one which supplies the good or service. Using Department must provide a written explanation as to why only this particular product/service is acceptable and why no other will be suitable or acceptable to meet the need. A quote must accompany this form.

Department name: _____ Health and Human Services ____________________________

1. Name of product or service: _Financial assistance for patients with cancer for non-medical needs_

2. Name of product manufacturer: _Cancer Aid Resource & Education, Inc. (CARE) _

3. Name of “sole” product supplier or service provider: _Cancer Aid Resource & Education, Inc. (CARE) _

4. Describe in general terms the product/service you are requesting and the intended application.

Doña Ana County Health and Human Services (HHS) would like to purchase services from CARE to provide financial assistance to recently diagnosed patients with cancer who are Doña Ana County residents and qualify for their program. Financial assistance provided will be for non-medical needs, basic living needs, and medical travel.

5. Describe the unique features/capabilities/characteristics that distinguish it from other products/services.

Financial assistance provided for Doña Ana County residents recently diagnosed with any type of cancer and their family in order for patient to concentrate on treatment, healing, recovery, and survival.

6. How did you determine there was only one source for the product or service? Provide information on the research that was performed to locate suppliers for this product(s) or service(s). (Please furnish names, addresses and other documentation).

HHS researched local agencies that provide financial assistance for patients with cancer for non-medical needs. Cancer Aid Resource & Education, Inc. (CARE) was the only service provider that offers the unique service. Other service providers listed are limited to service area or type of cancer patients have. (CARE proposal and New Mexico Cancer Support and Treatment 2020 Directory is Attached)

Cancer Aid Resource & Education, Inc. (CARE) 118 S. Water Street, Las Cruces, New Mexico, 575-649-0598, www.carelascruces.org. A nonprofit organization, operating as a volunteer group, serves the people of Las Cruces and Doña Ana County. Our CARE Support Program helps eligible patients on the onset of a major cancer diagnosis and provides financial assistance for non-medical needs, basic living needs for a defined period.
Financial assistance includes: gas cards to get to treatment, other transportation needs, groceries and nutritional supplements, self-pay health insurance, utilities, rent or mortgage payments, telephone, etc. If treatment requires medical travel outside of the county, CARE helps with lodging, airfare, meals, gas cards, parking, etc.

**Cancer Foundation for New Mexico** P.O. Box 5038 - Plaza Entrada • Santa Fe NM 87502 • Tel: 505-955-7931 Fax: 505-955-7003 Email: barbara@cffnm.org • www.cffnm.org • Facebook: www.facebook.com/cffnm

The Cancer Foundation for New Mexico is a local foundation created for patients with cancer and their families - funding travel, lodging, groceries & support groups; services often making the difference in access to treatment, and provides trained volunteers offering aid, comfort and translation services to all. Its mission is to help save lives by providing the needed support to enable every northern New Mexican with cancer to access treatment in Santa Fe.

**The Gynecological Cancer Awareness Project** PO Box 4524 • Albuquerque, NM 87109 Tel: 505-610-9300 Contact: Amy Gundelach Email: info@thegcap.org www.thegcap.org

The Gynecological Cancer Awareness Project is to empower women who are fighting gynecological cancer by providing education and support - helping them to live a healthy and inspired life. Our vision is to lead the progressive transformation of gynecological cancer care and support in New Mexico. We provide gynecological cancer education through classes and a library, as well as, monthly social groups for patients to connect and have peer support. Financial assistance is given to eligible patients in New Mexico, for such non-medical expenses as rent, mortgage, child care, gas, utilities, and transportation. Payments are made directly to a third party.

**The Leukemia & Lymphoma Society** 8500 Menaul Blvd NE • Suite B-295 • Albuquerque, NM 87112 Tel: 505-872-0141 • Fax: 505-872-2480 • Toll Free: 800-955-4572 Contact: Patient Access Manager • Email: IRCPatient@LLS.org • www.lls.org/nm Facebook: https://m.facebook.com/llsnm/

The Leukemia & Lymphoma Society is the world’s largest voluntary health organization dedicated to funding blood cancer research and providing education and patient services. We offer a variety of programs and services in support of our mission: Cure leukemia, lymphoma, Hodgkin’s disease and myeloma, and improve the quality of life of patients and their families. LLS provides the following services at no cost to patients and families: medical and non-medical financial support, Peer-to-Peer Support, Family Support Groups, Local Education Programs, Free Education Materials, Online Chats & Discussion Boards and Disease-Specific Web Seminar/Teleconferences, caregiver resources. For more information please call our Information Resource Center (IRC) at 1-800-955-4572.

**New Mexico Cancer Center Foundation** 4901 Lang NE • Albuquerque, NM 87109 • Tel: 505-828-3791 • Fax: 505-857-8455 Contact: Alexandria Hafner • Email: alexandriah@nmohc.com www.nmcancercenterfoundation.org • Facebook: https://facebook.com/nmccfoundation/

The New Mexico Cancer Center Foundation is dedicated to supporting our patients’ non-medical needs during their battle against cancer. We establish assistance and educational programs to meet the financial, emotional and psychological needs of patients. We grant eligible patients from the two New Mexico Cancer Center Locations: Albuquerque and Gallup, financial assistance with their non-medical expenses such as rent, gas, groceries, utilities and
transportation. We also have free support and education programs that are open to any cancer patient in the community. Please contact us for a list of programs we offer.

7. What product supplier or service provider has your Department used until now to satisfy similar requirements?

Cancer Aid Resource & Education, Inc. (CARE) was the non-medical financial assistance service provider for patients with cancer. HHS contracted with CARE in FY 20 and FY 21 to provide services to residents of Doña Ana County.

**PROJECT NAME:** CARE Support Program

**AMOUNT REQUESTED:** $25,000 – Term July 1, 2021 to June 31, 2022

**NEEDS STATEMENT:** Considering Doña Ana County’s high cancer mortality rate, proximity to the US-Mexico border, its large Hispanic population, lower income levels and higher poverty rate, it is crucial to address the need to reduce the cancer health disparities in Doña Ana County.

**PROJECT SUMMARY:**
CARE – Cancer Aid Resource & Education, Inc. serves the people of Las Cruces and Doña Ana County. CARE offers “hands on” support for the individual and family dealing right here, right now with the reality of cancer. CARE’s CARE Support Program helps with financial assistance for non-medical needs, basic living needs. Financial assistance includes: gas cards to get to treatment, other transportation needs, groceries and nutritional supplements, self pay health insurance, utilities, rent or mortgage payments, telephone, etc. If treatment requires medical travel outside of the county, CARE helps with lodging, airfare, meals, gas cards, parking, etc. Assistance is provided so that local cancer patients can concentrate on treatment, healing, recovery and survival. If our assisted cancer patient dies from cancer and they have no life insurance or enough funds, we will assist with cremation.

**OBJECTIVES OF THE PROJECT:**
Cancer brings devastation to individuals and families, yet the suffering goes far beyond diagnosis and treatment. For low and middle income families, cancer can result in a financial burden so profound that the National Cancer Institute has coined the term “financial toxicity” to describe the financial crisis of a cancer diagnosis. This financial burden doesn’t just create high rates of emotional distress; it also negatively affects patient outcomes and quality of life for the whole family. CARE is about helping the people of Doña Ana County today, local people recently diagnosed with any type of cancer and in treatment to cure, shrink or stop the progression of their cancer. CARE created the CARE Support Program to help on the onset of a major cancer diagnosis and provide financial assistance for a defined period. Currently, CARE’s client base is ~50% of Doña Ana County residents. CARE will assist recently diagnosed eligible cancer patients residing in Doña Ana County with a maximum financial assistance cap amount of $2,500 per patient, with the option of additional assistance provided for extreme hardship circumstances on a case by case basis. Cancer patients will be served month per month as needed. **Doña Ana County funds of $25,000 will be disbursed as follows:** CARE will financially assist cancer patients who are residents of Doña Ana County and in active treatment on an “as needed” basis with the full $25,000 requested. Up to 10+ patients per month can be served throughout the year. Most patients will complete the program when cap is reached for approved expenses. New patients may enter the program at any time. CARE can provide monthly accounting and data of county patients served with the $25,000 requested.

Respectfully Submitted,

[Signature]
President
CANCER AID RESOURCE & EDUCATION, INC. (CARE)

118 S. Water St.
Las Cruces, NM 88001
575-652-5407 or 575-649-0598

CARE’s impact in the Doña Ana County community is like no other. CARE was established so that Doña Ana County will have a physical location for any local cancer patient to go to and obtain services or assistance to cope with their cancer diagnosis. CARE is dedicated to establishing or assisting in services, resources, general education, and other additional services that will help address the challenges that many Doña Ana County cancer patients, children and adults, face while receiving treatment for any type of cancer with no cost to the local cancer patients. This need exists in Doña Ana County.

MISSION STATEMENT: CARE intervenes on the financial toxicity of cancer by providing financial support for basic living needs to people who reside in Doña Ana County recently diagnosed with any type of cancer and in treatment to cure, shrink or stop the progression of their cancer, so they may focus on treatment, healing and recovery. CARE’s goal is to be part of the solution to improve health outcomes and cancer survivorship.

VISION STATEMENT: “Our vision is that no cancer patient or family member in Doña Ana County will be without access to information and services.”

When an individual hears the words, “You have cancer” everything in their life comes to a roaring stop. Fear and anxiety take over and not only for the person with the diagnosis, but for their whole family. People handle this hard time differently, but most, after a period, start looking into what their options are and where their supports might be.

That is where CARE comes in. We are not about cancer research or medical care – there are many fine organizations committed to research and medicine and they are doing incredible work. But, for the individual and family dealing right here, right now, with the reality of cancer, we offer “hands on” support. CARE’s focus is to provide assistance to cancer patients who have recently been diagnosed with any type of cancer, within one year of a positive cancer diagnosis with a diagnostic biopsy. CARE assists cancer patients and their families to help them cope with their cancer treatment by assisting them with non-medical expenses/basic living needs expenses while they are in active treatment for any type of cancer. Active treatment usually may involve surgery and/or chemotherapy and/or radiation or a transplant. CARE’s Care and Support Program helps with gas cards to get to treatment, utilities, groceries and nutritional supplements, rent or mortgage, and lodging if needing travel for treatment, etc. so that the patient can concentrate on treatment, healing, recovery and survival. We can connect them to community resources and information.

Almost all of us have been or will be touched by cancer in our lives. Someone we know and care about or even ourselves will hear those very hard words, “you have cancer”. Our goal at CARE is to be sure that no one has to struggle with the necessities of life during that time. Our goal at CARE is to ensure that while families are dealing with cancer they have dignity and as much strength and courage as we can help provide.

* VOLUNTEER TRAINING & OPPORTUNITIES

Cancer Services of New Mexico is an organization created by cancer survivors for cancer survivors and their loved ones to build and sustain an active community of individuals whose lives have been affected by cancer, so that no one goes through cancer alone. We provide free cancer support groups and over 1,200 support groups throughout all the states of cancer, end of life, and grief. Services are provided by cancer survivors who are seasoned veterans of cancer and who have completed training. We define cancer survivors to include all those diagnosed from the time of diagnosis and for the remainder of their lives, and their family members and close friends. Support and referral is a phone call away on our hotline, which is answered 7 days a week by a cancer survivor. We also offer an Annual Living Well Beyond Cancer Conference, community navigation, smoking cessation, one-time individual caregiver sessions, facilitator training, and more.
We do not provide professional advice, consultation, or services.

Casa Esperanza is an affordable home-away-from-home serving out of town patients facing cancer and other serious medical needs and their family members. Casa Esperanza provides the simple, home-like amenities patients and families may find lacking in commercial facilities. Four central kitchens and a spacious community dining room encourage therapeutic interactions and sharing among families. We provide a Clinical Counseling Program free to residents and a Program to help cancer patients, survivors, and their families access needed health, financial, and social services. Casa Esperanza creates a positive atmosphere where emotional support is abundant. Most importantly, families can remain together while facing the challenges of coping with cancer and other serious medical needs. Casa Esperanza houses up to 38 families each night.

CLIMB is a program for kids and teens that have a parent, grandparent, or guardian with cancer. CLIMB is open to community regardless of treatment center, and serves children and teens from 1st Grade - Senior in High School. The program is especially focused on the emotional needs and support of the kids and teens while educating the parents on how to support their kids. Activities include art projects, cancer education, and individual tours of the cancer center and the treatment areas led by radiation and medical oncology providers, happily answering any questions the kids and teens have. Specially trained facilitators provide this program that is available on Thursday evenings from 6:00-7:30 pm for six weeks. The program provides dinner for the family each week of the session. CLIMB is offered several times a year. For information or to register for the next program session, please call. CLIMB is a registered trademark.

FORCE is a national non-profit dedicated to improving the lives of individuals and families affected by hereditary breast and ovarian cancer. Our mission includes support, education, awareness, and research specific to hereditary breast and ovarian cancer. FORCE was founded on the principle that no one should have to face hereditary breast and ovarian cancer alone. Being part of a family with a history of breast & ovarian cancers can be frightening. Learning that one carries a genetic mutation putting them at much higher risk of developing breast or ovarian cancer or smuggling through diagnosis and treatment can be devastating. FORCE New Mexico exists to provide continuous and gentle support to the high risk community without judgment. The local FORCE outreach group’s primary focus is peer support. Monthly meetings are held the third Sunday of each month at Lovelace Women’s Hospital from 2:00 PM in Auditorium 3. Our programs serve anyone with a BRCA 1 or 2 mutation or a family history of breast or ovarian cancer.

- Volunteer Training & Opportunities

The mission of The Gynecological Cancer Awareness Project is to empower women who are fighting gynecological cancer by providing education and support - helping them to live a healthy and inspired life. Our vision is to lead the progressive transformation of gynecological cancer care and support in New Mexico. We provide gynecological cancer education through classes and a library, as well as, monthly, social groups for patients to connect and have peer support. Financial assistance is given to eligible patients in New Mexico for such non-medical expenses as rent, mortgage, childcare, gas, utilities, and transportation. Payments are made to the third party.

- Education Workshops/Conferences
- Patient Navigation

The New Mexico Cancer Patient Navigation Network (NMCPNN) is a working group of the New Mexico Cancer Council. The NMCPNN seeks to improve cancer outcomes and remove barriers for cancer patients across the cancer continuum. We strive to bring together different types of navigators from various background from throughout New Mexico to make a positive difference in the lives of cancer patients. The NMCPNN also seeks to provide opportunities for navigators to network, share resources, educate, and create navigation standards in New Mexico in an effort to best assist patients experiencing the burden of cancer.

The mission of the New Mexico Department of Health Comprehensive Cancer Program promotes the health of New Mexicans through comprehensive cancer prevention and control efforts guided by the goals and objectives of the New Mexico Cancer Plan. The Program collaborates with diverse partners to offer cancer education, information, and resources to the public and healthcare providers. The program also seeks to promote health equity as it relates to cancer control in diverse and underserved communities. The Comprehensive Cancer Program seeks to reduce the cancer burden in New Mexico by supporting initiatives that span the continuum of care including promoting policies, systems, and community level changes to assist people in making healthy choices to reduce cancer risk, improving the quality of life for people diagnosed with cancer, supporting and implementing evidence-based cancer control activities and fostering collaboration among cancer control organizations.

- Support Group/On One Support

The Prostate Cancer Support Association of New Mexico is a non-profit volunteer group serving New Mexico. We were founded in 1991 with the objective of providing education for men and families on the detection and treatment of prostate cancer. Our organization provides one-on-one support to prostate cancer patients and their families. We also conduct educational outreach to bring information to the public about prostate cancer and its treatments. We offer one-on-one consultations, support group meetings twice a month, a speakers bureau, a “bubbles list”, a quarterly newsletter, and a library with resources specific to prostate cancer. Our doors are open Monday through Thursday from 10:00 AM to 2:00 PM and by appointment other times. Our services are free to all.

- Lodging for Patients & Families

Ronald McDonald House Charities of New Mexico provides comfort, care, and a home away from home for families with children in medical treatment. Opened in 1980, Ronald McDonald House Charities of New Mexico (RMHC-NM) has had an unchanged, unduplicated mission to provide temporary lodging, comfort and care to families with ill or injured children. The Ronald McDonald House provides a warm and nurturing environment by providing 39 comfortable and quiet bedrooms away from the hospital hustle, wireless computer access through out and a computer library, indoor and outdoor play areas for children; common living areas with toys, TV and movies, kitchen facility fully stocked with food and beverages; and laundry facilities. RMHC-NM also provides Ronald McDonald House Family Rooms in Albuquerque to provide support inside the hospital. These rooms offer a special place of respite, relaxation and privacy within the walls of the UNM Children’s Hospital and Presbyterian Hospital where parents are just steps away from their child’s bedside.

The New Mexico Cancer Center (New Mexico Oncology Hematology Consultants) offers multidisciplinary cancer care with a patient centered approach. As an Oncology Medical Home practice with state of the art technologies, clinical trials, integrative medicine and a full service cancer center, we are committed to the best possible outcomes, improving survival, and quality of life for our patients. Our multidisciplinary care includes medical oncology, radiation oncology and therapies, palliative care, integrative medicine, rheumatology, patient navigation, genetics, hematology, and end of life care. Patient centered treatment is important to us, so we offer onsite navigational assistance and patient support programs, many of which are open to the community. NMCC is home to CHIRBB, a support and education program for children and teens that have a parent or guardian with cancer. Offered several times a year, CHIRBB is open to the community for kids and teens in first grade through senior in high school, regardless of your treatment center home. From diagnosis and navigation through treatment, and to the survivorship clinic, our warm and friendly staff are dedicated to ensuring our patients get the high quality care we would wish for ourselves. Accredited by the American College of Radiology (ACR) and National Committee for Quality Assurance (NCQA).
The mission of the new VA is to improve the health of the served veteran population by providing primary care, specialty care, extended care, and related social support services in an integrated healthcare delivery system.

Presbyterian Cancer Care offers multidisciplinary cancer care at numerous locations. This includes Presbyterian Medical Group Surgical Oncology, Medical Oncology, Hematology, Chemotherapy and other outpatient services at Presbyterian Kesanam Campus, world-class Radiation Oncology at the Presbyterian MD Anderson Radiation Treatment Center also on the Kesanam Campus, full-service cancer center and inpatient services at Presbyterian Rust Medical Center. Our experienced, dedicated nurses and staff work with our board-certified oncologists and surgeons to provide comprehensive, compassionate and individualized cancer care incorporating the latest research, technology and treatment options. As a certified member of MD Anderson Cancer Network®, a program supported by MD Anderson Cancer Center, our affiliation provides our Presbyterian Medical Group medical oncologists and surgeons with access to a wide range of multidisciplinary care resources. This enhanced collaboration builds upon the success of our over 10-year radiation oncology collaboration with MD Anderson. Note: Presbyterian MD Anderson offers traditional external beam as well as High-Dose Radiation (HDR), Brachytherapy, and Stereotactic Radiotherapy. Accredited by the Commission on Cancer (CoC), American College of Radiology (ACR), American Society for Radiation Oncology (ASTRO), and the National Accreditation Program for Breast Centers (NAPBC).

The UNM Comprehensive Cancer Center is the official cancer Center of New Mexico, the only National Cancer Institute-designated cancer Center in the state, and one of just 68 NCI-designated cancer Centers nationwide. Recognized for its scientific excellence, contributions to cancer research, and delivery of medical advances to patients and their families, the UNM Cancer Center is home to New Mexico's largest team of board-certified oncology physicians and research scientists. They represent every cancer specialty and hail from prestigious institutions such as MD Anderson, Johns Hopkins, and Mayo Clinic. Through its partnerships with Memorial Medical Center in Las Cruces and its collaborative clinical programs in Santa Fe and Farmington, the UNM Cancer Center provides care to the entire state. It also supports several community outreach programs to make cancer screening, diagnosis, and treatment available to every New Mexican.

Taos Cancer Support Services responds to the needs of people with cancer and their families - needs that go beyond medical treatment. We link people experiencing cancer with trusted local businesses to help ease stress to promote healing. We also provide useful information to link clients with additional statewide resources and services based on their individual requirements.

Services include: house cleaning, personal care errands, massage, yoga & fitness coaching, acupuncture, health & cancer coaching, grief & loss support, and the Look Good Feel Better program (in partnership with the American Cancer Society).

Women’s Cancer & Surgical Care strives to maintain a culture of excellence by delivering to our patients the most advanced, timely, and compassionate care possible. Our doctors lead in providing oncology and surgical care in a multi-specialty setting; Gynecologic Oncology, Cancer Genetics, Adult Hematology/Oncology, Minimally Invasive Surgery, Chemotherapy Services... All in a warm, caring and supportive environment. Because our doctors love providing care to those in need, we provide services in four different locations: we have three locations in New Mexico and one in El Paso, Texas.

CARE - Cancer Aid Resource & Education, Inc. operates as a volunteer group, serves the people of Las Cruces and Doña Ana County. Our CARE Support Program helps eligible patients on the onset of a major cancer diagnosis and provides financial assistance for non-medical needs, basic living needs for a defined period. Financial assistance includes: gas cards to get to treatment, other transportation needs, groceries and nutritional supplements, self-pay health insurance, utilities, rent or mortgage payments, telephone, etc. Treatment requires medical travel outside of the county. CARE helps with lodging, food, meals, gas cards, parking, etc.

The MMC Cancer Program is the only program in the Southwest accredited by American College of Surgeons; this assures that the care you receive meets national standards. We have a partnership with the UNM Cancer Center in Albuquerque, the only National Cancer Institute-designated cancer center in the state. All of the physicians are board-certified. All of the registered nurses are credentialed nurses. We conduct multidisciplinary general tumor boards as well as breast specific tumor boards. MMC Cancer Program offers compassionate, comprehensive, state-of-the-art care to our cancer patients. We offer Look Good Feel Better classes.

New Mexico Cancer Council Initiatives 2020

The New Mexico Cancer Council is a voluntary collaborative effort of diverse public and private partners working together to foster coordination and collaboration among cancer-related organizations to reduce the burden of cancer in New Mexico. To date, the partnership has grown to include over 40 local, regional, and national organizations that are actively supporting the vision and mission of the Council. The Council produces the New Mexico Cancer Plan, which serves as a roadmap for cancer control and prevention in our state.

The Cancer Plan describes what cancer looks like in New Mexico, including data on the most prevalent cancers, health inequities, and cancer care issues including prevention, detection, treatment and palliative care. It also contains goals and objectives for reducing the burden of cancer and addressing health inequities based on national objectives and issues unique to our state.

This year, the New Mexico Cancer Council is focusing its efforts on several priority areas, including addressing quality of life and colorectal cancer issues; improving rural health inequities; and promoting the 2018-2023 New Mexico Cancer Plan. More information about initiatives of the New Mexico Cancer Council can be found at www.nm cancercouncil.org.
